Numb. 9242.

The London Gazette.

published by Authority.

From Tuesday February 13, to Saturday February 17, 1753.

Petersbourg, January 20.

BARON Posse, the Swedish Minister at this Court, set out from hence the latter End of last Week for Moscow; but neither the Health of the Great Chancellor Count Bestucheff, nor that of Baron Pretlack, Ambassador from Vienna, have as yet permitted them to undertake so long a Journey. We hear from Moscow, that her Imperial Majesty, and the Great Duke and Great Dutchess, enjoy perfect Health; and that the Court is very numerous and extremely brilliant. 'Tis said a considerable Body of Troops will be encamped in the Spring, as well to perfect them in their Exercise, as that they may be ready to march in Case the Exigency of Affairs should require it. The Privileges granted by the Empress to French Refugees to come and settle in her Dominions, has brought great Numbers hither; and as they are chiefly People of working Trades, 'tis not doubted but they will greatly contribute to improve the Manufactures of this Empire.

Naples, Jan. 20. Besides the fine Marble Pillars that were lately dug up in the Neighbourhood of Capua, which the King ordered to be sent to Caserta, to be made use of in the new Palace erecting there, they have likewise discovered two magnificent Statues, one representing Jupiter, and the other Pallas. The Prince of Arragona, Grand Master of the King's Houshold, is gone to Montpelier for the Benefit of his Health. For some Days past Mount Vesuvius has thrown out a much thicker Smoke than usual, which gives the Inhabitants of this City great Uneasiness. Five or six Ingineers are gone from hence to Gaeta, in order to erect a new Battery towards the Sea, and to add some new Works to the Fortifications of that City.

Plaisentia, Jan. 20. Prince Esterhasi, with the Princess his Spouse, passed through this City a few Days ago for Milan, where they propose staying a few Days, and then to continue their Journey for Vienna. We hear from Guastalla, that the Marquess de Gonzalez, who last Year retired to the Convent of the Capuchins in that City, has taken a Resolution to enter into that Order, to the great Surprize of all his Friends and Acquaintance, as he is a young Nobleman, and of an illustrious House in Spain, being descended in a direct Line from the ancient Kings of Gallicia.

Legborn, Jan. 20. The Commerce of this City to the Levant has greatly encreased of late, several Ships having sailed from hence since the Beginning of this Month for Aleppo, Cairo and Alexandria. Although the Weather has been very tempestuous, we do not hear of much Damage having been done along the Coast, except the Loss of a few Fishing Boats, the Hands on board of which were mostly saved. We learn from Genoa, that the new Commander of the French Troops has hitherto conducted himself in such a Manner as to give great Satisfaction.

Florence, Jan. 20. Count Richecourt is shortly expected here from Vienna, and 'tis said, that several new Regulations will be made soon after his Arrival, for the Improvement of the Commerce of this Dutchy, and to put our Finances upon a better Footing than they are at present.

Genoa, Jan. 20. We are informed by the Master of a Ship from Antibes, that the Marquess de Cursay, late Commander of the French Troops in Corsica, is in close Confinement; that he has two Officers always with him in his Chamber, which is guarded by ten Grenadiers; and that he is only allowed a Valet de Chamber, and one other Servant, to attend him.

Warsaw, Jan. 26. Notwithstanding we have certain Advice from Kaminieck and Choczim, that the Plague is greatly abated in those two Places, the Great General of the Crown Army has sent positive Orders to the Troops cantoned on the Frontiers of those Provinces, not to quit their Posts on any Pretence whatsoever.

Munich, Jan. 30. The Elector of Cologn arrived here last Saturday Night, and was saluted at his Entrance into this City by a triple Discharge of the Cannon upon the Ramparts; but the Joy occasioned by his Arrival was greatly interrupted by the Miscarriage of the Consort of Duke Clement of Bavaria, which happened the next Day.

Hague, Feb. 8. We hear from Brussels, that the Conferences for settling the Barrier and Tariff are again renewed. They write from Copenhagen, that his Danish Majesty has named Count Schuylembourg to command in Chief the Troops which are to form a Camp in the Spring; and that he will have under him the Baron de Numesem, and some other General Officers.

Dr. *ANDERSON*'s, or,

The Famous *SCOTS* PILLS;

ARE faithfully prepared only by JAMES INGLISH, Son of DAVID INGLISH, deceased, at the Unicorn, over-against the New Church in the Strand, London; and to prevent Counterfeits from Scotland, as well as in and about London, you are desired to take Notice, That the true Pills have their Boxes sealed on the Top (in black Wax) with a Lyon Rampant, and Three Mullets Argent, Dr. Anderson's Head betwixt I. I. with his Name round it, and Isabella English underneath the Shield in a Scroll. They are of excellent Use in all Cases where Purging is necessary, and may be taken with Epsom, Tunbridge, or other Medicinal Waters.

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Distempers, published by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thousand Cases) any continual acute Fever in a few Hours, though attended with Convulsions, Light-headedness, and the worst Symptoms: But if taken in the Beginning of a Fever, one Dose is generally sufficient to perform a Cure. *

It is likewise a most effectual Remedy for all internal Inflammation, Pleurisies, Quincies, acute Rheumatisms, and the Lowness of Spirits, and Uneasinesses proceeding from slow and latent Fevers, which are generally mistaken for Vapours and Hysterics; and a single Dose remarkably stops the Progress of a Cold, and certainly prevents the ill Consequences arising from that very common Disorder, the Source of almost all Distempers.

This Powder (which is a very safe and pleasant Medicine to take) is sold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-against the North Door of the Church, at 2 s. 6 d. the two Doses, with good Allowance to those who buy it for charitable Uses, or to sell again; and by James Esdall, Printer, on the Blind Quay, Dublin.

* See a Dissertation on Fevers, and other Inflammatory Distempers, sold at the Place above-mentioned. Price 6 d.
